

## NAME OF COMMITTEE

Open Session:   **x**  

Closed Session:           

### 5 Year Conservation Plan

June 10, 2014

---

**PURPOSE:** Report presented to comply with Green Energy Act Reporting requirements that all school boards must complete.

**BACKGROUND:** The Green Energy Act requires that school boards and other Broader Public Service organizations develop a 5 year energy conservation plan.

**CURRENT STATUS:** The attached plan was developed using the following methodology:  
-a review of past practices in the area of energy conservation  
-review energy related projects in the Ministry of Education's Total Capital Planning Software (TCPS).  
The reduction goals are believed to be achievable; however the proposed projects will require ongoing Ministry funding and Board approval of the Capital Budget

**RECOMMENDATION:** **Information item only**

**ATTACHMENTS:** Attachment 1: 2012 GEA for Board

**REPORT PREPARED BY:** Bill Murray, Manager of Health, Safety and Facilities
