

Administrative Procedure 377

Athletic Associations

Background

The district recognizes that participation in athletics is an important curricular and co-curricular activity for students.

Procedure

1. The principal of each school shall develop both intramural and interschool athletic competition as deemed appropriate by the principal, in consultation with staff and students.
2. The organization and administration of the elementary and secondary interschool athletic program is the responsibility of the school principal, assisted by the Renfrew County Elementary Interschool Athletic Association or the Upper Ottawa Valley High School Athletic Association.
3. Each principal of a secondary school shall, in accordance with a district plan to provide for co-instructional activities, develop and implement a school plan providing for co-instructional activities.
